

BARBARA H. LOUYAKIS

Rochester, MA | (508) 612-9634 | BobbiLouyakis@iCloud.com | github.com/blouyakis | blouyakis.github.io/portfolio

Full-stack developer pursuing an M.S. in Computer Science at Northeastern University (Khoury College, expected May 2027). Builds production-style web and mobile applications with Node.js/Express/MongoDB/React and Kotlin/Jetpack Compose/Firebase — authentication systems, REST API integrations, and collaborative Git workflows. Background in high-pressure operations, technical instruction, and team leadership across EMS, maritime, and hospitality careers.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, TypeScript, C, C++, Kotlin, Swift, SQL, Rust, HTML/CSS

Frameworks & Libraries: React, Node.js, Express, Jetpack Compose, Passport.js, Bootstrap

Databases: MongoDB, Firebase Firestore

Data & Analytics: Jupyter, NumPy, Pandas, LaTeX

Tools & Platforms: Git/GitHub, VS Code, IntelliJ IDEA, PyCharm, Vite, AWS, Google Cloud Platform, Firebase

Practices: REST API design & integration, authentication/session management, responsive & accessible web design, Agile team collaboration

EDUCATION

Northeastern University — M.S. Computer Science Expected May 2027

Khoury College of Computer Sciences, Boston, MA | Cumulative GPA: 3.33

Relevant Coursework: Object-Oriented Design, Algorithms, Data Structures & Algorithm Applications, Mobile App Development, Discrete Structures, Web Development (in progress); Fall 2026: Foundations of AI, Computer Systems

Clark University — B.A. International Development and Social Change 2012

Dean's List

Coastal Carolina University — Political Science studies (transferred to Clark) 2007–2010

Dean's List and National Dean's List

PROJECTS

GardenBook | Team Project — CS5610 Web Development, Northeastern University Summer 2026

Node.js, Express 5, MongoDB, React 19, Vite, Passport.js, bcrypt

- Built a full-stack garden planning and calendar application with a two-person team, owning the plant catalog, planting tracker, Explore feature, and calendar views end to end.
- Integrated external REST APIs (Perennial plant catalog, USDA hardiness zone lookup) and built a curated frost-date dataset to drive personalized, zone-aware planting recommendations.
- Implemented session-based authentication with Passport.js and bcrypt; integrated both developers' feature branches into a shared dev branch, resolving multi-file merge conflicts across the component architecture.

CashIn | Team Project — CS 4520/5520 Android Development, Northeastern University 2026

Kotlin, Jetpack Compose, Firebase (Auth, Firestore), Credential Manager

- Developed the authentication feature for a 4-person personal finance Android app: Welcome, Login, and a 3-page Register/onboarding flow with Firestore account creation.
- Built an AuthViewModel integrating Firebase email/password authentication and Google Sign-In via Credential Manager; implemented navigation with auth-state persistence and resolved Firebase SHA-1/Sign-In configuration issues.

Agenda Agent | Individual Midterm Project — CS5610 Web Development, Northeastern University 2026

Vanilla ES6 JavaScript, Node.js, Express 5, MongoDB Atlas, Passport.js, PDFKit, Nodemailer

- Designed and built a full-stack meeting agenda generator with a rule-based algorithm that normalizes topic weights across active priority tiers to allocate meeting time.
- Implemented user authentication, PDF export, and automated email delivery of generated agendas.

Portfolio Website | Individual Project 2026

HTML, CSS, JavaScript, GitHub Pages — blouyakis.github.io/portfolio

- Designed and built a responsive, accessible portfolio site (semantic HTML, skip navigation, Open Graph metadata) showcasing projects and professional work; deployed via GitHub Pages.

EXPERIENCE

Project Coordinator | Gloucester Fishermen's Wives Association | Gloucester, MA | Dec 2025 – Present

- Manage a Massachusetts Clean Energy Center offshore wind educational grant: application intake, eligibility review, funding approvals, community outreach, and reporting/outcome tracking.

Mariner | Safety Vessel Brittany Eryn — Empire Wind Offshore Construction Current

- Support offshore wind construction operations: crew safety, regulatory compliance, and coordination with offshore construction teams.

EMT Basic | Brewster Ambulance Service | Brockton & New Bedford, MA | Sep 2023 – Present

- Provide emergency medical care and maintain detailed clinical documentation in high-pressure, time-critical situations.

EMT Instructor | NMETC | West Bridgewater, MA | Jan 2025 – Jan 2026

- Taught EMT certification coursework and led hands-on skills training for adult learners.

General Manager | Restaurant & Hospitality Management | Boston, MA | Oct 2013 – Sep 2024

- Led staff, budgeting, compliance, and operations for high-volume Boston-area restaurants over a 9-year career.

CERTIFICATIONS & ADDITIONAL

EMS: NREMT & Massachusetts EMT-B, AHA CPR/BLS Instructor, FEMA ICS | **Maritime:** USCG STCW, Safety & Survival, AMSEA Onboard Drill Instructor
| **Service:** U.S. Air Force Veteran, Airman First Class | American Red Cross & FEMA Volunteer
